Motivated BCA student with a strong interest in Data Science, Machine Learning, and Web Development. Passionate about building intelligent solutions and modern web applications, with a growing skill set in programming, data analysis, and AI tools. Eager to explore emerging fields such as prompt engineering and creative coding to develop innovative and user-focused solutions.

Education – Bachelor of Computer Application (BCA) – St. Anne's Degree College, Virajpet (2023–2026)

Expertise – Machine Learning, Data Science, Web Development, PHP, MySQL

Tools & Tech – HTML, CSS, JavaScript, Bootstrap, Tailwind CSS

CERTIFICATIONS & TRAINING

Machine Learning with AI – Internshala

2026

Scored 96% ☐ Top Performer — Highest-ranked course completion with distinction.

- Completed comprehensive training in supervised & unsupervised ML algorithms.
- Built end-to-end ML pipelines using Python, Scikit-learn, and AI-assisted tools.

Data Science – Internshala

2025

Scored 78%

- Covered data wrangling, visualization, and statistical analysis techniques.

Web Development – Internshala

2025

- Developed responsive web projects using HTML, CSS, JavaScript, and Bootstrap.

PROJECTS

Agriculture Yield Prediction

Mini project

- Built a machine learning model to predict crop yield based on soil, weather, and historical data.
- Applied regression algorithms to achieve reliable prediction accuracy.

Property Price Prediction (ML with AI)

- Developed an ML model to estimate real estate prices using key property features.
- Integrated AI assistance to enhance model accuracy and feature engineering.

Student Accommodation Website (Web Development with AI)

- Designed and built a full-stack web application for student housing listings.
- Used HTML, CSS, JavaScript, PHP, and MySQL with AI-assisted development workflow.

WORKSHOP

Mobile Application Development Workshop

2025

St. Anne's Degree College, Virajpet

- Participated in hands-on sessions covering mobile app design and development fundamentals.
